## NUR Blueboard Auction, eBay relisted July 25th-Aug

Posted by PellioDPU - 2008/07/25 04:14

---

Check out an amazing deal on eBay, an auction for NUR Blueboard 300 HiQ+DIS printers. There are three printers, and there are two auctions (for one machine, and for all three). These printers are owned by Britten, Inc, and are currently being stored in the Britten warehouse. They are decommissioned but in good working condition, excellent physical condition, and retain all working parts including RIP, operating system, print heads, etc. For more information or questions, please contact Paul Elliott at [PElliott@brittenbanners.com](mailto:PElliott@brittenbanners.com).
